"Levi 5 Star" of La Fiesta is one of the most passionate, professional and energetic DJs I have encountered in my time looking after the entertainment at The Argyle. His ability to create the perfect atmosphere for our venue is nothing short of astounding, and he never fails to deliver. You always get what you pay for with this guy. "5 stars" from me! La Fiesta Sound System has been a part of the entertainment line up here at The Argyle on numerous occasions. La Fiesta is among the elite in entertainment in Sydney, book these guys you won't be disappointed!"

I just want to say how appreciative I am to all of you for making our party rock. The sign of a great party is a full dance floor, and I don't think we could've fitted another person on those boards if we tried! You completely nailed all the sets, and left everyone wanting more. Although I was a little anxious as to how the showgirls would go down, they took the party to another level with their energy and eye-popping costumes - a great way to end the night. All in all a top night, so thanks QCE for your contribution."

"For two consecutive years, La Fiesta Sound System has provided the music and entertainment for our annual corporate Christmas party. With nearly one thousand employees across a wide demographic to keep happy, setting a celebratory atmosphere and creating the right mix of music is critical – something La Fiesta are have proven they experts at. The feedback from our employees has been astounding; it's not often a 20 year old call centre rep and a 50 year old network engineer can walk away from the same event and say, "the band was the best part of the party!" La Fiesta are not only a fantastic group of entertainers, they are professional, specialists at what they do and very easy to work with."

Choosing La Fiesta Sound System as the entertainment for the Garvan Institute Xmas party in 2009 was the best decision. Everybody loved them and the dance floor was packed all night. People kept saying to me "Where did you find the band, they're fantastic!!!"

I first came across La Fiesta Sound System downstairs at Soho in Darlinghurst about 3 years ago. They were lovely enough to give me a demo CD at the time, and I have used this as an easy sell to my managers ever since!

I have booked La Fiesta for both corporate gigs, and more recently, for a student event at the University of Technology, Sydney. I don't think there was a single person left sitting down in the entire venue! The guys have a fantastic ability to get everybody in the mood for a great time, and can keep a crowd dancing for hours.

I have always found each band member to professional and reliable, and wouldn't hesitate to recommend the group for any type of event.

QCE Levi Foster an awesome DJ, created a sophisticated atmospheric beat for the launch of our designer Label 'Pink Sparrow' at the Goldfish Cocktail Lounge in Sydney's prestige Kings Cross. It was a catwalk that had everyone captivated, thank you for honouring us with your talent.

"We decided to use La Fiesta for our wedding after seeing them at a local event. We weren't disappointed, they were fantastic!!! The dance floor was full all night with people from different ages grooving to their funky beats. Every single one our guests commented on how good they were. My dealings with Levi were first rate. He's very professional and helpful which is what a 'bride-to-be' needs. I would recommend La Fiesta to anyone who is wanting a fun, upbeat, live band".

Thank you very much for providing such wonderful entertainment for our MICROS Christmas party last year. The Band and DJ were great and really made a difference to our Christmas function! The Brazilian drummers were a hit and made such an impact on the opening of the function. Some of the ladies are still talking about them!

Thank you very much for your wonderful support and great communication during the planning stage of the event. I would gladly recommend you and La Fiesta for any corporate function! Guaranteed to be a successful event!
